Overview
25 Word Product Description

The CORSAIR iCUE 5000X RGB is a mid-tower ATX case that shows off your PC, and not its cables. Four stunning tempered glass panels and three included CORSAIR SP RGB ELITE fans put your PC on display.

Overview
50 Word Product Description

The CORSAIR iCUE 5000X RGB is a mid-tower ATX case that shows off your PC, and not its cables, behind four stunning tempered glass panels. Easily route major cables through a single channel for clean builds with CORSAIR RapidRoute design. Massive cooling potential provides room for multiple 360mm radiators, with three included 120mm SP RGB ELITE fans for enhanced cooling and vibrant lighting.

Overview
100 Word Product Description

The CORSAIR iCUE 5000X RGB is a mid-tower ATX case that shows off your PC, and not its cables, behind four stunning tempered glass panels. Easily route major cables through a single channel for clean builds with CORSAIR RapidRoute design and 25mm of routing depth. A wealth of flexible cooling options let you build your PC your way, including room to mount up to 10x 120mm fans or multiple 360mm radiators, and a motherboard tray with customizable side fan mounts. Three included 120mm SP RGB ELITE fans deliver enhanced cooling and vibrant lighting. Complete with room for four storage drives and a modern front I/O panel including a USB-C port, the 5000X RGB makes for a clean build that keeps its cool.

Features and Benefits

Style 1

- The 5000X RGB makes a stunning, showpiece-worthy PC easy to build and easier to keep cool with the space and flexibility to mount multiple 360mm radiators, all surrounded by beautiful tempered glass on four sides.
- House your system behind four stunning tool-free tempered glass panels that highlight your components and RGB lighting.
- The CORSAIR RapidRoute cable management system makes it simple and fast to route your major cables through a single hidden channel, with a roomy 25mm of space behind the motherboard for all of your cables.
- Includes three 120mm CORSAIR SP RGB ELITE fans, utilizing AirGuide anti-vortex vanes to concentrate airflow and enhance cooling. Each fan is equipped with eight individually addressable RGB LEDs for brilliant customizable lighting.
- Fully control and synchronize the RGB lighting for up to six fans out-of-the-box with the included iCUE Lighting Node CORE and CORSAIR iCUE software.
- A motherboard tray with customizable fan mounts allows you to side-mount up to 3x 120mm fans or up to a 360mm radiator, enabling new flexible cooling options.
- A spacious interior fits up to 10x 120mm or 4x 140mm cooling fans, along with multiple radiators including up to a 360mm in front and a 360mm push/pull in the roof.
- Put modern connections within easy reach with a front I/O panel including a USB 3.1 Type-C Port, 2x USB 3.0 port, and a combination audio/microphone jack.
- Fits up to 4x 2.5in SSDs and 2x 3.5in HDDs for all the storage you need.

Style 2

- **Clear, Clean, and Cool**: The 5000X RGB makes a stunning, showpiece-worthy PC easy to build and easier to keep cool with the space and flexibility to mount multiple 360mm radiators, all surrounded by beautiful tempered glass on four sides.
