With an embedded solid steel frame and 4D armrests adjustable in any direction, the T3 RUSH will let you command in comfort for hours on end.

Overview

100 Word Product Description

The CORSAIR T3 RUSH (2023) gaming chair is inspired by professional motorsports, contouring to the shape of your body with a breathable soft cloth exterior. An adjustable neck cushion and memory foam lumbar support deliver the comfort for all-day gaming, while an embedded solid steel frame ensures years of durability. The T3 RUSH is adjustable in almost every way, with 4D armrests that can move in any direction, 100mm of adjustable seat height, a 160° reclining lay-flat seat back, and a lockable 10° of seat tilt so you can find your sweet spot. Easily assembled and able to glide on most surfaces with 65mm dual wheel casters, the T3 RUSH will let you command in comfort for hours on end.

Features and Benefits

Inspired by performance motorsport seats, the T3 RUSH's breathable soft fabric exterior retains minimal heat, providing the contoured comfort and support to battle through an intense skirmish or an all-day competition.

Sit back and relax with an adjustable padded neck cushion and memory foam lumbar support, both wrapped in plush microfiber.

An embedded steel frame runs through the chair base and back, ensuring years of strength and durability.

4D Armrests allow you to adjust in any direction – up or down, left or right, forward or backward, or swiveled to support your posture.

Effortlessly set your seat to your ideal height with 100mm of movement range, supported by a steel-construction class 4 gas lift.

With a 160° reclining lay-flat seat back and a lockable 10° of seat tilt, it's easy to find your sweet spot.

Easy assembly process gets you set up and seated fast.

65mm Dual wheel casters glide easily on most surfaces.

Style 2

- **Inspired by Performance Motorsports:** The T3 RUSH's breathable soft fabric exterior retains minimal heat, providing the contoured comfort and support to battle through an intense skirmish or an all-day competition.
- **Padded Neck Cushion and Memory Foam Lumbar Support:** Sit back and relax as you play thanks to cushions for your neck and lower back, both wrapped in plush microfiber.
- **Embedded Steel Frame:** Built with solid steel in the chair base and back, ensuring years of strength and durability.
- **4D Armrests:** Adjust the armrests in any direction – up or down, left or right, forward or backward, or swiveled to support your posture.
- **100mm of Adjustable Seat Height:** Effortlessly set your seat to your ideal height with a wide range of movement, supported by a steel-construction class 4 gas lift.
- **160° Reclining Lay-Flat Seat Back:** Find your sweet spot, with a lockable 10° of seat tilt.
- **Easy Assembly Process:** Get set up and seated fast.
- **65mm Dual Wheel Casters:** Glide easily on most surfaces.
