PRODUCT DESCRIPTION

LONG:

A professional Wi-Fi enabled lighting solution with 80 premium LEDs outputting 1400 lumens. Edge-lit architecture with multi-layer diffusion technology ensures soft illumination that's easy on your eyes. A flat profile, small footprint and integrated cable management system keeps your setup tidy. And the Control Center app gives you ultimate flexibility. Simply connect your Mac, Windows PC, iPhone or Android device to adjust brightness and color temperature from anywhere in your studio, and get instant onscreen feedback. Fully adjustable and freestanding. Ingeniously designed and truly stunning. You'll want to use Key Light Air for everything.

MEDIUM:

An app-controlled, edge-lit LED panel with a small footprint, Key Light Air provides optimum illumination, flexibility and comfort. Mac. iPhone. Windows. Android. Wirelessly connect your chosen device to adjust settings from anywhere in your studio, and get instant onscreen feedback. Key Light Air – you'll want to use it for everything.

SHORT:

An app-controlled, edge-lit LED panel with a small footprint, Key Light Air provides optimum illumination, flexibility and comfort. You'll want to use it for everything.

KEY LIGHT AIR

ILLUMINATE ON COMMAND.

FEATURES

- Wi-Fi Enabled: switch on/off and fine-tune light settings via the app on Mac/Windows/iPhone/Android.
- 1400 Lumens: effectively illuminate your workspace and dim to a subtle glow.
- 2900 – 7000 K: adjust color temperature from sunset amber to arctic blue.
- 80 Premium OSRAM LEDs: deliver constant intensity while keeping cool.
- Edge-Lit: indirect illumination guarantees comfort for hours.
- Multi-Layer Diffusion: ensures seamless light transmission without glare.
- Compact Profile: slots into any setup and saves space.
- Telescopic Pole and Ball Head: easily adjust height and tilt the LED panel.
- Freestanding Base: set up and reposition with ease.
- Integrated Cable Rail: keeps your setup slick and tidy.
- Multi Mount Compatible: enjoy additional rigging options.
- Works with Stream Deck: direct integration provides one-touch tactile control.
