

POP

Smart Button Kit

SIMPLE SMART HOME CONTROL FOR THE WHOLE FAMILY.

POP Smart Button lets everyone in the home control smart lighting, music and more. Whether you have connected lights, blinds, locks, thermostats or other smart home devices, POP makes it easy to control devices individually or in groups, using up to three different customisable commands. Use POP to start music, movies and more. Use POP to play your favourite Sonos® stations and playlists. Or, combine POP with a Logitech Harmony hub-based remote to start an Activity like "Movie Night". And POP works with Apple HomeKit-enabled smart home devices for simple, secure control (devices sold separately).

WHAT'S IN THE BOX

- Smart button (with battery)
- Plug-in bridge
- Mounting tape
- User documentation
- 2-year manufacturer's guarantee and full product support

FEATURES

- Control smart lighting, music and more
- Assign three separate commands per button
- Control multiple devices with just one press
- Works with HomeKit-enabled devices
