Overview

CORSAIR VENGEANCE RGB DDR5 Light Enhancement Kit completes your PC's look. Fill your empty DDR5 slots with cosmetic modules that match your existing CORSAIR VENGEANCE RGB DDR5 memory modules* down to the same aluminum heatspreader. Create a dazzling display with 10 ultra-bright individually addressable RGB LEDs on each module, all controlled by CORSAIR iCUE software. Take advantage of the near-limitless customization of colors and lighting effects, while synchronizing with all iCUE-compatible devices for stunning lighting across the entire iCUE ecosystem. With no need for any extra wires or cables and compatibility with almost all DDR5 motherboards, installation is quick and easy.

*Note: This kit contains no physical memory and is intended for aesthetic purposes only.

Features and Benefits

Complete your system's look: Fill your empty DDR5 memory slots with vivid RGB lighting on modules that match your existing VENGEANCE RGB DDR5 memory modules.*

Light up your PC: Dynamic individually addressable RGB lighting from 10 ultra-bright LEDs per module.

Match your DRAM: Matches the look and feel of your existing CORSAIR VENGEANCE RGB DDR5 memory modules, down to the aluminum heatspreader, logos, and lightbar.

Powerful CORSAIR iCUE Software: Take control with powerful CORSAIR iCUE software and synchronize RGB lighting effects with other CORSAIR RGB products across the iCUE ecosystem.

Complete lighting control: Choose from dozens of preset lighting profiles, create your own in CORSAIR iCUE software.

Wide Compatibility: Wide-ranging compatibility with most Intel® and AMD DDR5 motherboards.

Tech Specs

• RGB LEDs:	10	• Software control:	CORSAIR iCUE
• Format:	DIMM	• Heatspreader:	Aluminum
• Color:	Grey	• Compatibility:	VENGEANCE RGB DDR5

Accessories

CMDAF 2 Corsair Dominator Airflow Platinum RGB(Not Included)
