| **SKU Live Date** | July 6th, 2015 |
| **Product Full Name/Title** | CORSAIR Vengeance LPX 32GB (2 x 16GB) DDR4 DRAM 2400MHz C14 memory kit for DDR4 Systems |
| **Part Number/ UPC** | CMK32GX4M2A2400C14 843591069533 |
| **Product Imagery** | **Images** |
| **Product Video** | **Product Video** |
| **Compatibility List** | Intel X99 and 100 Series motherboards (**full list on corsair.com**) |

## Overview

Vengeance LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the eight-layer PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel X99 and 100 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. Vengeance LPX DDR4 modules are compatibility-tested across X99 and 100 Series motherboards for reliably fast performance. There's XMP 2.0 support for trouble-free automatic overclocking. And, they're available in multiple colors to match your motherboard, your components, or just your style.

## Features

| Feature | Benefit |
|---|---|
| • Designed for high-performance overclocking | Each Vengeance LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation; and the eight-layer PCB helps manage heat and provides superior overclocking headroom.<br>Each IC is individually screened for performance potential. |
| • Designed for great looks | Available in multiple colors to match your motherboard, your components, or just your style |
| • Performance and Compatibility | Vengeance LPX is optimized and compatibility tested for the latest Intel X99 and 100 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption.<br>XMP 2.0 support for trouble-free automatic overclocking |
| • Low-profile heatspreader design | The Vengeance LPX module height is carefully designed to fit smaller spaces. |

## Tech Specs

- Density: 32GB (2x16GB)
- Speed: 2400MHz
- Tested Latency: 14-16-16-31
- Voltage: 1.2V
- Format: DIMM

- Pin Out: 288 Pin
- Intel XMP 2.0
- Heatspreader: Anodized Aluminum
- Compatibility: **Intel X99 and 100 Series motherboards (full list on corsair.com)**

## Accessories

**CMYAF**
Corsair Vengeance Airflow
(includes silver and blue covers)
