

VENGEANCE LPX Series

High Performance overclocking for DDR4

SKU Live Date	Dec, 2017
Product Full Name/Title	CORSAIR VENGEANCE LPX 32GB (4x8GB) DDR4 3200 (PC4-25600) C16 Desktop Memory for AMD Threadripper - Black
Part Number/UPC	CMK32GX4M4Z3200C16 843591076104
Product Imagery	Images
Product Video	Product Video
Compatibility List	AMD X399 Series motherboards (full list on corsair.com)

Overview

VENGEANCE LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest AMD X399 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. VENGEANCE LPX DDR4 modules are compatibility-tested X399 Series motherboards for reliably fast performance. There's XMP 2.0 support for trouble-free automatic overclocking. And, they're available in multiple colors to match your motherboard, your components, or just your style.

Features

Feature	Benefit
<ul style="list-style-type: none">Designed for high-performance overclocking	Each VENGEANCE LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation; and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.
<ul style="list-style-type: none">Designed for great looks	Available in multiple colors to match your motherboard, your components, or just your style
<ul style="list-style-type: none">Performance and Compatibility	VENGEANCE LPX is optimized and compatibility tested for the latest AMD X399 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption. XMP 2.0 support for trouble-free automatic overclocking
<ul style="list-style-type: none">Low-profile heatspreader design	The VENGEANCE LPX module height is carefully designed to fit smaller spaces.

Tech Specs

- Density: 32GB (4x8GB)
- Speed: 3200MHz
- Tested Latency: 16-18-18-36
- Voltage: 1.35V
- Format: DIMM
- Pin Out: 288 Pin
- Intel XMP 2.0
- Heatspreader: Anodized Aluminum
- Compatibility: **AMD X399 Series motherboards** ([full list on corsair.com](https://www.corsair.com))
