

Embargo Date	June 18, 2024
First Customer Ship Date	June 18, 2024
Product Etail Title	CORSAIR LX RGB Series, iCUE LINK LX140 RGB, 140mm Fan, Single Pack
Product Title	CORSAIR iCUE LINK LX140 RGB 120mm PWM Fan Expansion
Product Name	CORSAIR iCUE LINK LX140 RGB 140mm PWM Fan Expansion
Pre-Order Option	No
MediaValet Link	LINK
MediaValet Password	Lx_rgb@124fw

Overview

25 Word Product Description

Add another CORSAIR LX140 RGB Fan to your PC, featuring terrific airflow, dual light loops, and simplified iCUE LINK connectivity.

Overview

50 Word Product Description

Add another CORSAIR LX140 140mm PWM Fan to your iCUE LINK setup, featuring PWM fan speeds up to 2,000 RPM and 18 vibrant RGB LEDs per fan. CORSAIR AirGuide technology concentrates airflow for optimal cooling, while Magnetic Dome bearings ensure quieter, longer-lasting operation. iCUE LINK connectivity makes for faster, simpler setup with less cabling than ever before.

Overview

100 Word Product Description

Add another CORSAIR LX140 140mm PWM Fan to your iCUE LINK setup, keeping your system cool with PWM fan speeds up to 2,000 RPM. 18 RGB LEDs across dual light loops bring amazing lighting to your PC with the refreshingly simple setup of iCUE LINK. With 4.82mmH₂O static pressure and 84.6 CFM airflow, the LX RGB has the cooling power to match its looks. CORSAIR AirGuide technology features anti-vortex vanes that concentrate airflow for optimal cooling. Enjoy quieter operation and extended fan life thanks to CORSAIR Magnetic Dome bearings. The revolutionary iCUE LINK ecosystem connects all your components with fewer cables – including the ability to connect your fans together directly into a single seamless block.

Features

Style 1

- 18 RGB LEDs per fan spread across dual light loops
- PWM-controlled fan speeds up to 2,000 RPM
- High airflow pushing up to 84.6 CFM
- High static pressure of 4.82mm-H₂O
- iCUE LINK lets you connect fans directly together without wires
- CORSAIR AirGuide Technology
- CORSAIR Magnetic Dome bearing for longevity and low noise
- Fast installation with CORSAIR QuikTurn™ screws
- Zero RPM mode
- Exclusive Time Warp lighting mode
- Powerful CORSAIR iCUE software
- Part of the iCUE LINK ecosystem for cleaner, easier builds

Style 2

- **Stunning RGB Lighting with Dual Light Loops:** 18 LEDs per fan spread across an inner and outer loop enable brilliant, customizable lighting that can be synchronized with all your iCUE RGB devices.
- **Effective and Efficient Cooling:** Deliver superb airflow to your system with precise PWM controlled speeds up to 2,000 RPM, pushing 84.6 CFM of air. An impressive 4.82mmH₂O static pressure also gives the LX RGB the force it needs for mounting to radiators.
- **LINK Your Fans Together:** The included iCUE LINK bridge connectors can connect your fans directly to each other, creating a seamless bank of fans all connected to the iCUE LINK System Hub (sold separately) with just a single cable.
- **CORSAIR AirGuide Technology:** Anti-vortex vanes direct airflow at your hottest components for concentrated cooling, pushing air more efficiently.
- **Quiet Operation with Magnetic Dome Bearing:** CORSAIR's Magnetic Dome bearing is a refinement of the renowned magnetic levitation bearing, minimizing noise and reducing friction for greater longevity.
- **One-Twist CORSAIR QuikTurn™ Screws:** You'll never want to go back to regular screws after installing a full set of fans in seconds. QuikTurn screws save both your precious time and your hands.
- **Zero RPM Mode:** Supports Zero RPM PWM signals to completely eliminate fan noise at low loads.
- **Time Warp Lighting Mode:** This eye-popping effect makes your fans appear to be frozen in place or even spin backwards, exclusive to iCUE LINK thanks to an individual MCU in each fan
- **Unite Your Setup:** Create automated fan curves with powerful CORSAIR iCUE software, for intelligent cooling that responds to your system's needs.
- **Part of the iCUE LINK Ecosystem:** iCUE LINK is the next leap forward in PC building, spanning across fans, coolers, PSUs, and more, letting you neatly chain all of these components together for clean cabling, less mess, and a faster build.

Tech Specs

Dimensions (mm):	140mm x 140mm x 25mm
Rated Current - Fan:	0.45A
Speed:	0, 350 - 2000 RPM ±10%
Airflow:	10.74 - 84.7 CFM
Static Pressure:	0.11 - 4.86 mm-H ₂ O
Sound Level:	10 - 36 dBA
Connection cable:	iCUE LINK
PWM Control:	0%, 20% - 100%
Bearing Type:	Magnetic Dome
Cable Length:	135mm
Warranty:	5 Years

Box Contents

1x LX140 RGB Fan
 1x Active Connector
 1x Passive Connector
 1x iCUE LINK Cable, 135mm, Slim-Slim Cable Head
 4x QuikTurn Mounting Screws

Shipping Info

Model:	CORSAIR LX140 RGB
Part Number:	CO-9051027-WW
UPC Code:	840006682905
