**Overview**

**25 Word Product Description**

Set the curve with the CORSAIR XENEON FLEX 45WQHD240 OLED Bendable UltraWide Gaming Display, built with revolutionary bendable OLED technology that enables you to adjust the display from completely flat to an immersive 800R.

**Overview**

**50 Word Product Description**

Set the curve with the CORSAIR XENEON FLEX 45WQHD240 OLED Bendable UltraWide Gaming Display, built with revolutionary bendable OLED technology engineered by LG Display, enabling you to adjust the curve of your screen from completely flat to an immersive 800R. Experience gorgeous cinematic visuals on an immense 45-inch 3440x1440 OLED screen, with up to 240Hz refresh rate and an unbelievably fast 0.03ms GtG response time.

**Overview**

**100 Word Product Description**

Set the curve with the CORSAIR XENEON FLEX 45WQHD240 OLED Bendable UltraWide Gaming Display, built with revolutionary bendable OLED technology engineered by LG Display, enabling you to adjust the curve of your screen from completely flat for MOBAs and strategy games to an immersive 800R for simulations and shooters. Experience gorgeous cinematic visuals on an immense 45-inch 3440x1440 OLED screen, with up to 240Hz refresh rate and an unbelievably fast 0.03ms GtG response time. Motion-blur-canceling and 0.01ms pixel response time ensure a new level of realism during fast-moving scenes, as you enjoy silky-smooth, tear-free images thanks to NVIDIA® G-SYNC compatibility and AMD FreeSync™ Premium certification. With dual HDMI 2.1, DisplayPort 1.4, and USB Type-C connections, the XENEON FLEX 45WQHD240 resets your expectations of what a premier gaming monitor can be.

**Etail Bullet Points**

<b>a.Screen Size / Resolution</b>	Bendable UltraWide 45-inch WQHD display at 3440x1440 resolution
<b>b.Panel Description</b>	OLED
<b>c.Refresh Rate</b>	Up to 240Hz refresh rate
<b>d.Response Time</b>	0.03ms GtG response time
<b>e.Adaptive Sync</b>	NVIDIA G-SYNC® Certified
<b>f.Color Space</b>	100% sRGB / 99% DCI-P3
<b>g.HDR</b>	HDR with 1000nit peak brightness offers enhanced brightness and color

**Unique Selling Points**
**Style 1**

Bendable OLED panel
Ultra-slim 45-inch WQHD screen
3440x1440 resolution
Up to 240Hz refresh rate with 0.03ms response time
NVIDIA G-SYNC compatible and AMD FreeSync™ Premium certified
Motion blur canceling technology
Burn-in protection
High Dynamic Range colors and contrast
Anti-reflective coating
Low Blue Light technology with EyeSafe® certification
Integrated stand with front and rear I/O
2x USB 3.2 Type-C ports (1x with DP Alt Mode)
2x HDMI 2.1 inputs and 1x DisplayPort 1.4 input
4x USB 3.2 Type-A hub
Three-year Zero Burn In and Zero Dead Pixel warranty

**Style 2**

Revolutionary bendable OLED technology, developed by the OLED experts at LG Display, enables you to set the curve of the display from completely flat to 800R. Go curved for immersive gameplay in simulations or shooters, or flat for MOBAs, strategy games, and sharing the screen with friends – it's your choice.
A huge 45in 3440x1440 display (84PPI) delivers a gorgeous 21:9 cinematic aspect ratio with an ultra-thin micro-bezel.
Experience a new class of high refresh rate performance, with 240Hz refresh rate and a phenomenal 0.03ms GtG response time made possible by LG OLED technology.
The latest OLED technology effectively eliminates motion blur for a new level of realism during fast-moving scenes and gameplay, while NVIDIA® G-SYNC compatibility and AMD FreeSync™ Premium certification ensures silky-smooth images, less screen tearing, and low input latency.
Every OLED pixel is self-lit, so you'll see the tiniest spark in the darkest void with absolute precision and clarity. HDR with up to 1,000 nit brightness combines luminous highlights with the deepest of blacks, for a wide brightness range with 99% DCI-P3 color gamut.
Treated with an anti-reflective coating that cuts glare and reflections so nothing gets in the way of your immersion, while you play for hours thanks to a protective Low Blue Light technology with EyeSafe® certification that greatly reduces eye strain.
A sophisticated burn-in prevention system ensures a flawless image even after extended UI or OS use, with a three-year Zero Burn In and Zero Dead Pixel Warranty.
A stylish integrated stand features an innovative front I/O panel, placing 2x USB 3.2 ports, a 3.5mm audio output, and input select button within easy reach. Rear connections include dual HDMI 2.1, DisplayPort 1.4, USB Type-C with DP alt mode, 2x USB 3.2 ports and USB Type-C upstream ports.
