

Logitech®

Wireless Gamepad F710

Console-style control with a cable-free 2.4 GHz connection

- 2.4 GHz wireless connectivity
- Broad game support
- Profiler software
- Dual vibration motors
- Familiar layout

No cords to get in your way. The Logitech® Wireless Gamepad F710 uses a powerful, reliable, cable-free 2.4 GHz connection while dual-motor vibration feedback lets you feel every hit, crash and explosion. Multiple mode settings bring a familiar console-style controller experience to your PC with support for the broadest number of games. Profiler software lets you customise your gamepad with keyboard and mouse inputs*. A classic controller design lets you focus on the game. The unique floating design of the D-pad makes it responsive to quick changes in direction. And rubber grips make game play extra comfortable.

* Requires software installation.

SCIENCE WINS.
