- 1x center speaker with cable attached
- Wireless remote control
- Converter cable to connect game console
- Power cable

System requirements

- 3.5 mm audio connection
- 100-240V Wall power connection

Ready for an upgrade?

Kick your movies, music, and games up a notch, with 180W peak power (90W RMS) that makes your entertainment all the more fun.

You're surrounded

Enjoy a home (or office) cinema experience with 5.1 surround sound that's all about immersion.

Feel the boom

A wooden XL subwoofer brings deep bass to an already-powerful audio experience, with LED illumination providing a sleek visual element to your AV setup.

Full control, no strings attached

A wireless remote control lets you easily adjust volume or other settings with the press of a button from anywhere in the room – or directly from the side of the subwoofer.

For all devices

Connect to any PC with 5.1 analog output for the full Tytan 5.1 audio experience.
